Terms and Conditions of Warranty

Orb Energy Pvt. Ltd. ("Orb Energy") provides the warranties as set out in this warranty document to the original end-customer ("the customer") of its Sunstream products subject to the terms and conditions included herein. The warranties only apply to products in hand-based applications, used and installed under normal conditions.

1. Orb Energy warrants this Sunstream product for a period of 5 years from the date of the customer's invoice. During such time, this Sunstream product shall be free from defects resulting from poor workmanship, faulty materials or defective construction. Warranty service can be availed from the nearest Orb Energy branch or authorised service centres.
 - a. Warranty for this Sunstream product applies to the items / goods supplied and installed by Orb Energy and, or, its authorised agents.
 - b. This warranty is valid only if the quality of the water supplied to Sunstream models is free from mud for the period of use.
 - c. This warranty is valid only if the TDS, Chloride and pH values are as per the table given below for the period of use:

Models	TDS (Total Dissolved Solvents)	Chloride Level	pH Value
Sunstream GV	Less than 200 PPM	Less than 200 PPM	6 to 8
Sunstream GC	Less than 1000 PPM	Less than 200 PPM	6 to 8
Sunstream GCC	Less than 1000 PPM	Less than 200 PPM	6 to 8
Sunstream GCE	Less than 1000 PPM	Less than 200 PPM	6 to 8

Other warranty terms:

- 1) No fixed temperature guarantee can be given for hot water generated by this Sunstream product, as the heating of water depends on geo-climatic and solar radiation fluctuations.
- 2) All warranty claims will be dealt with by Orb Energy only when notified in writing within the applicable warranty period and within 14 (fourteen) days after the defect or failure has become apparent. Any claim should be accompanied by the warranty card and the original invoice together with all information that Orb Energy deems necessary for the assessment of the legitimacy of the claim and for its analysis of the established defects and the causes thereof.
- 3) In the event that a warranty claim proves to be legitimate, Orb Energy will, at its discretion, repair the products, or replace the products so affected if necessary by similar types of products, or provide the customer with additional products to make-up the output, or credit the customer entirely or partially for the purchase price thereof. Any faulty products are to be returned by the customer, freight prepaid to Orb Energy's nominated (company) location at its own cost and risk. Return delivery of the additional or repaired products is also to the customer's account.

- 4) The warranties as provided herein shall not apply to defects, failures or degradation related to any products which, in Orb Energy's reasonable opinion, have been caused by
 - a. The customer's failure to abide by Orb Energy installation, operation or maintenance instructions.
 - b. A pressure relief valve instead of air vent is connected to a non-pressurised system.
 - c. Hot water tank air vent not connected as per the user manual.
 - d. Improper usage, handling, repairs or modifications of the system by persons other than employees or sub-contractors of Orb Energy, including but not limited to the application of excess pressure, or the failure to continuously supply the Sunstream with cold water.
 - e. Abnormal use, including, but not limited to, the use of products for construction purposes, damage inflicted by animals, such as dogs, monkeys, domestic animals, birds or any such/other creatures or miscreants;
 - f. The original serial number is deleted, defaced or altered;
 - g. Theft, vandalism, abuse, misuse, or other negligent acts;
 - h. Usage of CPVC air vent pipe instead of GI pipe, and by not fixing a non-return valve at the cold water inlet of the tank, which is the customer's responsibility.
 - i. Flood, fire, explosion, rock-fall, direct or indirect lightning strike, civil war, riot or damage resulting from extreme weather conditions such as hail with a diameter of more than 25 mm or greater and an average impact speed of more than 23 m/sl, hurricanes, cyclones, sandstorms or any other events outside Orb Energy's reasonable control.

- 5) It is solely Orb Energy's decision as to whether a warranty is applicable or not. Orb Energy's decision as to the validity of a warranty claim is final.
- 6) The supply of additional products or components, or repair or replacement of the products does not cause the beginning of a fresh warranty period, nor shall the original warranty period be extended. Any products that have been replaced shall become the property of Orb Energy.
- 7) The liability of Orb Energy under this warranty is limited to the warranty obligations as provided for herein. Any liability for indirect or consequential loss or damages which may be suffered by the customer including, but not limited to, loss of data or programs, loss of use, loss of profits, loss of production, loss of revenues or business interruption, is therefore specifically excluded.
- 8) This product is supported by carbon credits generated through its use. By buying this product therefore, you agree to waive your rights to the carbon credits to Orb Energy.

I hereby accept the above warranty terms and conditions

Terms and Conditions of Warranty

Orb Energy Pvt. Ltd. | Orb Energy | provides the warranties as set out in this warranty document to the original end-customer (the customer) of its Sunstream products subject to the terms and conditions included herein. The warranties only apply to products in land-based applications, used and installed under normal conditions.

1. Orb Energy warrants this Sunstream product for a period of 5 years from the date of the customer's invoice. During such time, this Sunstream product shall be free from defects resulting from poor workmanship, faulty materials or defective construction. Warranty service can be availed from the nearest Orb Energy branch or authorised service centres.
 - a. Warranty for this Sunstream product applies to the items / goods supplied and installed by Orb Energy and/or its authorised agents.
 - b. This warranty is valid only if the quality of the water supplied to Sunstream models is free from mud for the period of use.
 - c. This warranty is valid only if the TDS, Chloride and pH values are as per the table given below for the period of use:

Models	TDS (Total Dissolved Solvents)	Chloride Level	pH Value
Sunstream GY	Less than 200 PPM	Less than 200 PPM	6 to 8
Sunstream GC	Less than 1000 PPM	Less than 200 PPM	6 to 8
Sunstream GCC	Less than 1000 PPM	Less than 200 PPM	6 to 8
Sunstream GCE	Less than 1000 PPM	Less than 200 PPM	6 to 8

Other warranty terms

1. No warranty or guarantee can be given for hot water generated by this Sunstream product, as the hot water is affected by rain, air and solar radiation fluctuations.
2. As warranty is a claim, the claim will be by Orb Energy only when notified in writing within the applicable warranty period and within the specified days after the defect or failure has become apparent. Any claim shall be accompanied by the warranty card and the original invoice together with all relevant documents. Orb Energy deems necessary for the assessment of the legitimacy of the claim and for carrying out the established protocols and their causes thereof.
3. In the event of a warranty claim proved to be legitimate, Orb Energy will, at its discretion, repair the products or replace the products or offer a free replacement by similar types of products, or provide the customer with additional products to make up the output, or credit the customer entirely or partially for the purchase price thereof. Any faulty products are to be returned by the customer, freight prepaid to Orb Energy's nominated (company) location at its own cost and risk. Return/delivery of the additional or repaired products is at the customer's account.

- 4) The warranty, as provided herein shall not apply to defects, failures or degradation related to any products which in Orb Energy's reasonable opinion, have been caused by:
 - a. The customer's failure to abide by Orb Energy installation, operation or maintenance instructions.
 - b. A pressure relief valve instead of air vents connected to a non-pressurised system.
 - c. Hot water tank air vent not connected as per the user manual.
 - d. Improper usage, handling, repairs or modifications of the system by persons other than employees or sub-contractors of Orb Energy, including but not limited to the application of excess pressure, or the failure to continuously supply the Sunstream with cold water.
 - e. Abnormal use, including, but not limited to, the use of products for construction purposes, damage inflicted by animals, such as dogs, monkeys, domestic animals, birds or any such/other creatures or miscreants.
 - f. The original serial number is deleted, defaced or altered.
 - g. Theft, vandalism, abuse, misuse, or other negligent acts;
 - h. Usage of CPVC air vent pipe instead of GI pipe, and by not fixing a non-return valve at the cold water inlet of the tank, which is the customer's responsibility.
 - i. Flood, fire, explosion, rock-fall, direct or indirect lightning strike, civil war, riot or damage resulting from extreme weather conditions such as hail (with a diameter of more than 25 mm or greater) and an average impact speed of more than 23 m/s), hurricanes, cyclones, sandstorms or any other events outside Orb Energy's reasonable control.

- 5) It is solely Orb Energy's decision as to whether a warranty is applicable or not. Orb Energy's decision as to the validity of a warranty claim is final.
- 6) The supply of additional products or components, or repair or replacement of the products does not cause the beginning of a fresh warranty period, nor shall the original warranty period be extended. Any products that have been replaced shall become the property of Orb Energy.
- 7) The liability of Orb Energy under this warranty is limited to the warranty obligations as provided for herein. Any liability for indirect or consequential loss or damages which may be suffered by the customer including, but not limited to, loss of data or programs, loss of use, loss of profits, loss of production, loss of revenues or business interruption, is therefore specifically excluded.
- 8) This product is supported by carbon credits generated through its use. By buying this product therefore, you agree to waive your rights to the carbon credits to Orb Energy.

I hereby accept the above warranty terms and conditions

Terms and Conditions of Warranty

Orb Energy Pvt. Ltd. ("Orb Energy") provides the warranties as set out in this warranty document, the original end customer ("the customer") of its Sunstream products subject to the terms and conditions included herein. The warranties only apply to products in land-based applications used and installed under normal conditions.

1. Orb Energy warrants this Sunstream product for a period of 5 years from the date of the customer's invoice. During such time, this Sunstream product shall be free from defects resulting from poor workmanship, faulty materials or defective construction. Warranty service can be availed from the nearest Orb Energy branch or authorised service centres.
 - a. Warranty for this Sunstream product applies to the items / goods supplied and installed by Orb Energy and/or its authorised agents.
 - b. This warranty is valid only if the quality of the water supplied to Sunstream models is free from mud for the period of use.
 - c. This warranty is valid only if the TDS, Chloride and pH values are as per the table given below for the period of use.

Models	TDS (Total Dissolved Solvents)	Chloride Level	pH Value
Sunstream GV	Less than 200 PPM	Less than 200 PPM	6 to 8
Sunstream GC	Less than 1000 PPM	Less than 200 PPM	6 to 8
Sunstream GCC	Less than 1000 PPM	Less than 200 PPM	6 to 8
Sunstream GCE	Less than 1000 PPM	Less than 200 PPM	6 to 8

Other warranty terms

This warranty shall be a guarantee for the given hot water generated by this Sunstream product, as the quality of water depends on geo-chemical and solar radiation fluctuations.

A. Warranty claim will be dealt with by Orb Energy only when notified in writing within the applicable warranty period and within 15 business days after the defect or failure has become apparent. Any claim should be supported by the warranty card and the original invoice together with all documents of purchase of the product, necessary for the assessment of the legitimacy of the claim and the damages to the equipment, the quality and the causes thereof.

The repair or replacement of products to be legitimate. Orb Energy will, at its discretion, repair the product, replace the product, or extend the warranty for similar types of products, or provide the customer with additional products to meet up the output of the customer entirely or partially at its discretion. In no event, any liability products are to be returned by the customer. The right to claim in Orb Energy's products is non-transferable for all its own cost and risk. Return/delivery of the product will be repaired product is to be sold to the customer for a cost.

- 4) The warranty, as provided herein shall not apply to defects, failures or degradation related to any products which in Orb Energy's reasonable opinion, have been caused by
 - a. The customer's failure to abide by Orb Energy installation, operation or maintenance instructions.
 - b. A pressure relief valve instead of air vents connected to a non-pressurised system.
 - c. Hot water tank air vent not connected as per the user manual.
 - d. Improper usage, handling, repairs or modifications of the system by persons other than employees or sub-contractors of Orb Energy, including but not limited to the application of excess pressure, or the failure to continuously supply the Sunstream with cold water.
 - e. Abnormal use, including but not limited to, the use of products for construction purposes, damage inflicted by animals, such as dogs, monkeys, domestic animals, birds or any such other creatures or miscreants.
 - f. The original serial number is deleted, defaced or altered.
 - g. Theft, vandalism, abuse, misuse, or other negligent acts.
 - h. Usage of CPVC air vent pipe instead of GI pipe, and by not fixing a non-return valve at the cold water inlet of the tank, which is the customer's responsibility.
 - i. Flood, fire, explosion, rock-fall, direct or indirect lightning strike, civil war, riot or damage resulting from extreme weather conditions such as hail (with a diameter of more than 25 mm or greater) and an average impact speed of more than 23 m/s), hurricanes, cyclones, sandstorms or any other events outside Orb Energy's reasonable control.
- 5) It is solely Orb Energy's decision as to whether a warranty is applicable or not. Orb Energy's decision as to the validity of a warranty claim is final.
- 6) The supply of additional products or components, or repair or replacement of the products does not cause the beginning of a fresh warranty period, nor shall the original warranty period be extended. Any products that have been replaced shall become the property of Orb Energy.
- 7) The liability of Orb Energy under this warranty is limited to the warranty obligations as provided for herein. Any liability for indirect or consequential loss or damages, which may be suffered by the customer including, but not limited to, loss of data or programs, loss of use, loss of profits, loss of production, loss of revenues or business interruption, is therefore specifically excluded.

Terms and Conditions of Warranty

Orb Energy Pvt. Ltd. [Orb Energy] provides the warranties as set out in this warranty document to the original end customer [the customer] of its Sunstream products subject to the terms and conditions included herein. The warranties only apply to products in land-based applications, used and installed under normal conditions.

- Orb Energy warrants this Sunstream product for a period of 5 years from the date of the customer's invoice. During such time, this Sunstream product shall be free from defects resulting from poor workmanship, faulty materials or defective construction. Warranty service can be availed from the nearest Orb Energy branch or authorised service centres.
 - Warranty for this Sunstream product applies to the items / goods supplied and installed by Orb Energy and, or, its authorised agents.
 - This warranty is valid only if the quality of the water supplied to Sunstream models is free from mud for the period of use.
 - This warranty is valid only if the TDS, Chloride and pH values are as per the table given below for the period of use:

Models	TDS (Total Dissolved Solvents)	Chloride Level	pH Value
Sunstream GY	Less than 200 PPM	Less than 200 PPM	6 to 8
Sunstream GC	Less than 1000 PPM	Less than 200 PPM	6 to 8
Sunstream GCC	Less than 1000 PPM	Less than 200 PPM	6 to 8
Sunstream GCE	Less than 1000 PPM	Less than 200 PPM	6 to 8

Other warranty terms:

1. High temperature guarantee can be given for hot water generated by this Sunstream product, as the heat of water depends on geo-climatic and solar radiation fluctuations.

2. As warranty claim is to be decided by Orb Energy only when notified in writing within the applicable warranty period as mentioned in the terms and conditions of the warranty, together with all claim supporting documents, Orb Energy deems necessary for the assessment of the legitimacy of the claim and to ascertain the exact cause of the defect and the cause thereof.

3. In the event that a warranty claim proves to be legitimate, Orb Energy will, at its discretion, repair the products, or replace the products, as deemed necessary by similar types of products, or provide the customer with additional products to make up the output, or credit the customer entirely or partially for the purchase price thereof. Any faulty products are to be returned by the customer, freight prepaid to Orb Energy's nominated freight location at its own cost and risk. Return delivery of the additional or repaired products is also to the customer's account.

4) The warranty shall not apply to defects, failures or degradation related to any products which, in Orb Energy's reasonable opinion, have been caused by

- The customer's failure to abide by Orb Energy installation, operation or maintenance instructions.
 - A pressure relief valve instead of air vent is connected to a non-pressurised system.
 - Hot water tank air vent not connected as per the user manual.
 - Improper usage, handling, repairs or modifications of the system by persons other than employees or sub-contractors of Orb Energy, including but not limited to the application of excess pressure, or the failure to continuously supply the Sunstream with cold water.
 - Abnormal use, including, but not limited to, the use of products for construction purposes, damage inflicted by animals, such as dogs, monkeys, domestic animals, birds or any such other creatures or miscreants.
 - The original serial numbers deleted, defaced or altered.
 - Theft, vandalism, abuse, misuse, or other negligent acts.
 - Usage of CPVC air vent pipe instead of GI pipe, and by not fixing a non-return valve at the cold water inlet of the tank, which is the customer's responsibility.
 - Flood, fire, explosion, rock-fall, direct or indirect lightning strike, civil war, riot or damage resulting from extreme weather conditions such as hail (with a diameter of more than 25 mm or greater) and an average impact speed of more than 23 m/s), hurricanes, cyclones, sandstorms or any other events outside Orb Energy's reasonable control.
- 5) This solely Orb Energy's decision as to whether a warranty is applicable or not. Orb Energy's decision as to the validity of a warranty claim is final.
- 6) The supply of additional products or components, or repair or replacement of the products does not cause the beginning of a fresh warranty period, nor shall the original warranty period be extended. Any products that have been replaced shall become the property of Orb Energy.
- 7) The liability of Orb Energy under this warranty is limited to the warranty obligations as provided for herein. Any liability for indirect or consequential loss or damages which may be suffered by the customer, including, but not limited to, loss of data or programs, loss of use, loss of profits, loss of production, loss of revenues or business interruption, is therefore specifically excluded.
- 8) This product is supported by carbon credits generated through its use. By buying this product therefore, you agree to waive your rights to the carbon credits to Orb Energy.

Terms and Conditions of Warranty

Orb Energy Pvt. Ltd. [Orb Energy] provides the warranties as set out in this warranty document to the original end-customer [the customer] of its Sunstream products subject to the terms and conditions included herein. The warranties only apply to products in land-based applications, used and installed under normal conditions.

1. Orb Energy warrants this Sunstream product for a period of 5 years from the date of the customer's invoice. During such time, this Sunstream product shall be free from defects resulting from poor workmanship, faulty materials or defective construction. Warranty service can be availed from the nearest Orb Energy branch or authorised service centres.
 - a. Warranty for this Sunstream product applies to the items / goods supplied and installed by Orb Energy and/or its authorised agents.
 - b. This warranty is valid only if the quality of the water supplied to Sunstream models is free from mud for the period of use.
 - c. This warranty is valid only if the TDS, Chloride and pH values are as per the table given below for the period of use:

Models	TDS <small>(Total Dissolved Solvents)</small>	Chloride Level	pH Value
Sunstream GV	Less than 200 PPM	Less than 200 PPM	6 to 8
Sunstream GC	Less than 1000 PPM	Less than 200 PPM	6 to 8
Sunstream GCC	Less than 1000 PPM	Less than 200 PPM	6 to 8
Sunstream GCE	Less than 1000 PPM	Less than 200 PPM	6 to 8

Other warranty terms:

- 1) No fixed temperature guarantee can be given for hot water generated by this Sunstream product, as the heating of water depends on geo-climatic and solar radiation fluctuations.
- 2) All warranty claims will be dealt with by Orb Energy only when notified in writing within the applicable warranty period and within 14 (fourteen) days after the defect or failure has become apparent. Any claim should be accompanied by the warranty card and the original invoice together with all information that Orb Energy deems necessary for the assessment of the legitimacy of the claim and for its analysis of the established defects and the causes thereof.
- 3) In the event that a warranty claim proves to be legitimate, Orb Energy will, at its discretion, repair the products, or replace the products so affected if necessary by similar types of products, or provide the customer with additional products to make up the output, or credit the customer entirely or partially for the purchase price thereof. Any faulty products are to be returned by the customer, freight prepaid to Orb Energy nominated (temporarily) location at its own cost and risk. Return delivery of the additional or repaired products is also to the customer's account.

- 4) The warranties as provided herein shall not apply to defects, failures or degradation related to any products which in Orb Energy's reasonable opinion, have been caused by:
 - a. The customer's failure to abide by Orb Energy installation, operation or maintenance instructions;
 - b. A pressure relief valve instead of air vent is connected to a non-pressurised system;
 - c. Hot water tank air-vent not connected as per the user manual;
 - d. Improper usage, handling, repairs or modifications of the system by persons other than employees or sub-contractors of Orb Energy, including but not limited to the application of excess pressure, or the failure to continuously supply the Sunstream with cold water;
 - e. Abnormal use, including, but not limited to, the use of products for construction purposes, damage inflicted by animals, such as dogs, monkeys, domestic animals, birds or any such/other creatures or miscreants;
 - f. The original serial number is deleted, defaced or altered;
 - g. Theft, vandalism, abuse, misuse, or other negligent acts;
 - h. Usage of CPVC air vent pipe instead of GI pipe, and by not fixing a non-return valve at the cold water inlet of the tank, which is the customer's responsibility;
 - i. Flood, fire, explosion, rock-fall, direct or indirect lightning strike, civil war, riot or damage resulting from extreme weather conditions such as hail (with a diameter of more than 25 mm or greater) and an average impact speed of more than 23 m/s), hurricanes, cyclones, sandstorms or any other events outside Orb Energy's reasonable control.

- 5) It is solely Orb Energy's decision as to whether a warranty is applicable or not. Orb Energy's decision as to the validity of a warranty claim is final.
- 6) The supply of additional products or components, or repair or replacement of the products does not cause the beginning of a fresh warranty period, nor shall the original warranty period be extended. Any products that have been replaced shall become the property of Orb Energy.
- 7) The liability of Orb Energy under this warranty is limited to the warranty obligations as provided for herein. Any liability for indirect or consequential loss or damages, which may be suffered by the customer including, but not limited to, loss of data or programs, loss of use, loss of profits, loss of production, loss of revenues or business interruption, is therefore specifically excluded.
- 8) This product is supported by carbon credits generated through its use. By buying this product therefore, you agree to waive your rights to the carbon credits to Orb Energy.

Terms and Conditions of Warrant,

Orb Energy Pvt. Ltd. [Orb Energy] provides the warranties as set out in this warranty document to the original end customer [the customer] of its Sunstream products subject to the terms and conditions included herein. The warranties only apply to products in land-based applications, used and installed under normal conditions.

1. Orb Energy warrants this Sunstream product for a period of 5 years from the date of the customer's invoice. During such time, this Sunstream product shall be free from defects resulting from poor workmanship, faulty materials or defective construction. Warranty service can be availed from the nearest Orb Energy branch or authorised service centres.
 - a. Warranty for this Sunstream product applies to the items / goods supplied and installed by Orb Energy and, or, its authorised agents.
 - b. This warranty is valid only if the quality of the water supplied to Sunstream models is free from mud for the period of use.
 - c. This warranty is valid only if the TDS, Chloride and pH values are as per the table given below for the period of use:

Models	TDS		
	(Total Dissolved Solvents)	Chloride Level	pH Value
Sunstream GY	Less than 200 PPM	Less than 200 PPM	6 to 8
Sunstream GC	Less than 1000 PPM	Less than 200 PPM	6 to 8
Sunstream GCC	Less than 1000 PPM	Less than 200 PPM	6 to 8
Sunstream GCE	Less than 1000 PPM	Less than 200 PPM	6 to 8

Other warranty terms:

1. No warranty is given for hot water generated by this Sunstream product, as the heating of water depends on geo-climatic and solar radiation fluctuations.
2. A warranty is given by Orb Energy only when notified in writing within the applicable warranty period of 14 (fourteen) days after the defect or failure has become apparent. Any claim should be accompanied by the warranty card and the original invoice together with all photographs of the defect or failure. The assessment of the legitimacy of the claim and the warranty is subject to the assessment of the legitimacy of the claim and the causes thereof.
3. In the event of a warranty claim, Orb Energy will, at its discretion, repair the product, or replace it with a product of similar type of products, or provide the customer with a product to replace the output, or credit the customer entirely or partially for the purchase price thereof. Any faulty products are to be returned by the customer. Freight paid to Orb Energy is non-refundable. Orb Energy is not liable for any loss of profit, loss of production or any other consequential loss or damage. Return/delivery of the product is subject to the customer's account.

- 4) The warranty is provided herein shall not apply to defects, failures or degradation related to any products which in Orb Energy's reasonable opinion, have been caused by
 - a. The customer's failure to abide by Orb Energy installation, operation or maintenance instructions.
 - b. A pressure relief valve instead of air vent is connected to a non-pressurised system.
 - c. Hot water tank air vent not connected as per the user manual.
 - d. Improper usage, handling, repairs or modifications of the system by persons other than employees or sub-contractors of Orb Energy, including but not limited to the application of excess pressure, or the failure to continuously supply the Sunstream with cold water.
 - e. Abnormal use, including but not limited to, the use of products for construction purposes, damage inflicted by animals, such as dogs, monkeys, domestic animals, birds or any such/ other creatures or miscreants;
 - f. The original serial number is deleted, defaced or altered.
 - g. Theft, vandalism, abuse, misuse, or other negligent acts;
 - h. Usage of CPVC air vent pipe instead of GI pipe, and by not fixing a non-return valve at the cold water inlet of the tank, which is the customer's responsibility
 - i. Flood, fire, explosion, rock-fall, direct or indirect lightning strike, civil war, riot or damage resulting from extreme weather conditions such as hail (with a diameter of more than 25 mm or greater) and an average impact speed of more than 23 m/s), hurricanes, cyclones, sandstorms or any other events outside Orb Energy's reasonable control.

- 5) It is solely Orb Energy's decision as to whether a warranty is applicable or not. Orb Energy's decision as to the validity of a warranty claim is final.
- 6) The supply of additional products or components, or repair or replacement of the products does not cause the beginning of a fresh warranty period, nor shall the original warranty period be extended. Any products that have been replaced shall become the property of Orb Energy.
- 7) The liability of Orb Energy under this warranty is limited to the warranty obligations as provided for herein. Any liability for indirect or consequential loss or damages which may be suffered by the customer, including, but not limited to, loss of data or programs, loss of use, loss of profits, loss of production, loss of revenues or business interruption, is therefore specifically excluded.
- 8) This product is supported by carbon credits generated through its use. By buying this product therefore, you agree to waive your rights to the carbon credits to Orb Energy.

I hereby accept the above warranty terms and conditions

Terms and Conditions of Warra...

Orb Energy Pvt. Ltd. ("Orb Energy") provides the warranties as set out in this warranty document to the original end-customer ("the customer") of its Sunstream products subject to the terms and conditions included herein. The warranties only apply to products in land-based applications, used and installed under normal conditions.

- Orb Energy warrants this Sunstream product for a period of 5 years from the date of the customer's invoice. During such time, this Sunstream product shall be free from defects resulting from poor workmanship, faulty materials or defective construction. Warranty service can be availed from the nearest Orb Energy branch or authorised service centres.
 - Warranty for this Sunstream product applies to the items / goods supplied and installed by Orb Energy and/or its authorised agents.
 - This warranty is valid only if the quality of the water supplied to Sunstream models is free from mud for the period of use.
 - This warranty is valid only if the TDS, Chloride and pH values are as per the table given below for the period of use:

Models	TDS (Total Dissolved Solvents)	Chloride Level	pH Value
Sunstream GY	Less than 200 PPM	Less than 200 PPM	6 to 8
Sunstream GC	Less than 1000 PPM	Less than 200 PPM	6 to 8
Sunstream GCC	Less than 1000 PPM	Less than 200 PPM	6 to 8
Sunstream GCE	Less than 1000 PPM	Less than 200 PPM	6 to 8

Other warranty terms:

- No fixed temperature guarantee can be given for hot water generated by this Sunstream product, as the heating of water depends on geo-climatic and solar radiation fluctuations.
- Warranty claim shall be dealt with by Orb Energy only when notified in writing within the applicable warranty period and within 14 (fourteen) days after the defect or failure has become apparent. Any claim should be accompanied by the warranty card and the original invoice together with all information that Orb Energy deems necessary for the assessment of the legitimacy of the claim and for its analysis of the established defects and the causes thereof.
- In the event that a warranty claim proves to be legitimate, Orb Energy will, at its discretion, repair the products or replace the products so affected if necessary by similar types of products or provide the customer with additional products to make up the output, or credit the customer entirely or partially for the purchase price thereof. Any faulty products are to be returned by the customer, freight prepaid to Orb Energy's nominated company/location at its own cost and risk. Return delivery of additional repaired products is also to the customer's account.

- The warranty as provided herein shall not apply to defects, failures or degradation related to any products which in Orb Energy's reasonable opinion, have been caused by:
 - The customer's failure to abide by Orb Energy installation, operation or maintenance instructions.
 - A pressure relief valve instead of air vent is connected to a non-pressurised system.
 - Hot water tank air-vent not connected as per the user manual.
 - Improper usage, handling, repairs or modifications of the system by persons other than employees or sub-contractors of Orb Energy, including but not limited to the application of excess pressure, or the failure to continuously supply the Sunstream with cold water.
 - Abnormal use, including, but not limited to, the use of products for construction purposes, damage inflicted by animals, such as dogs, monkeys, domestic animals, birds or any such/ other creatures or muscraints;
 - The original serial number is deleted, defaced or altered.
 - Theft, vandalism, abuse, misuse, or other negligent acts.
 - Usage of CPVC air vent pipe instead of GI pipe, and by not fixing a non-return valve at the cold water inlet of the tank, which is the customer's responsibility.
 - Flood, fire, explosion, rock-fall, direct or indirect lightning strike, civil war, riot or damage resulting from extreme weather conditions such as hail (with a diameter of more than 25 mm or greater) and an average impact speed of more than 23 m/s), hurricanes, cyclones, sandstorms or any other events outside Orb Energy's reasonable control.
- It is solely Orb Energy's decision as to whether a warranty is applicable or not. Orb Energy's decision as to the validity of a warranty claim is final.
- The supply of additional products or components, or repair or replacement of the products does not cause the beginning of a fresh warranty period, nor shall the original warranty period be extended Any products that have been replaced shall become the property of Orb Energy.
- The liability of Orb Energy under this warranty is limited to the warranty obligations as provided for herein. Any liability for indirect or consequential loss or damages which may be suffered by the customer including, but not limited to, loss of data or programs, loss of use, loss of profits, loss of production, loss of revenues or business interruption, is therefore specifically excluded.
- This product is supported by carbon credits generated through its use. By buying this product therefore, you agree to waive your rights to the carbon credits to Orb Energy.
